WEEK 2 - LIVE ON YT MARCH 24th AT 6 PM

# PROJECT5- GOLANG

The screenshot shows the Go programming language website. At the top, there is a navigation bar with the Go logo, a search bar, and links for Solutions, Learn, Explore, About, and golang.org. The main content area features the headline "Build fast, reliable, and efficient software at scale" and a description of Go as an open source programming language supported by Google. A yellow "Get Started" button and a link to "Download Go" are prominently displayed. On the right, a cartoon blue creature is climbing a ladder. Below this, a section titled "Companies using Go" displays logos for American Express, Mercado Libre, Salesforce, Capital One, Target, Twitch, Netflix, Twitter, Uber, and Dropbox.

**GO** Search for a package Solutions Learn Explore About golang.org

**Build fast, reliable, and efficient software at scale**

Go is an open source programming language supported by Google.
